CLARESHOLM LOCAL NEWS

Major Schoof is moving to Vancouver this week.

Mrs. L. C. McKinney left on Wednesday for Toronto.

Charley Foss left on Thursday for New Westminster, B. C., where he will spend the winter.

Mrs. Knight returned on Friday night from Winnipeg where she has been on an extended visit.

Mrs. Clark left for Toronto on Wednesday, being called there by a sick child, stating that her son was very sick.

A. E. Carey was called to Vancouver on account of his daughter being ill. He left on Monday afternoon.

On Friday the morning north-bound passenger train was delayed till nearly 2 o'clock by a derailment near Macleod.

The ladies of the Presbyterian church have decided to hold their annual entertainment in the Odd Fellows' hall on Thursday, November 25th.

Mr. and Mrs. J. R. Watt returned last week from the old country, where they have spent the summer. They report a very enjoyable visit.

Harry Daw was taken to the hospital last Saturday accompanied by Dr. Stewart for an operation. Nothing very serious is expected to develop.

Clifford Alder Stouck, three year old son of Mr. and Mrs. Frank E. Stouck, died on October 25th. The funeral took place from the residence on Wednesday. The family have the sympathy of the entire community.

The reason Mr. Edlund is able to show the big Dorothy Phillips special, "Destiny," at regular prices is owing to a mix-up in the Calgary booking office, by reason of which he gets this picture at less than its usual price.

"Each of Miss Nickawa's offerings were most pleasing, but especially so was her recital, in costume, of a number of Indian stories, and her closing item, 'The Legends of Qu'Appelle Valley' (Pauline Johnston)."—Vancouver Daily Province.

The Great War Veterans Association will celebrate Armistice Day, November 11th, by holding a great field day at Clareholm. The program includes military sports, acrobatics, horse races, foot races, and a big dance at night in the L. O. O. F. Hall.

H. J. Duff of Youngstown spent a few days in town, this week. While here he purchased the farm which he sold last year to Al. McAlister. He returned to Youngstown on Wednesday and expects to return in the spring in time to put in his crop.

The sale of home cooking, fancy work and afternoon tea, held in the Parish Hall on Saturday, October 16th, by the Clareholm Local U. F. W. A., was a marked success. The sum of \$131.65 was realized, which will be a good start for the rest room fund. The Local is very grateful for the generous support received.

"Frances Nickawa, the young Indian entertainer, appeared in recital Friday evening before a capacity house in Grace church. Miss Nickawa displayed marked dramatic capacity and possesses a wonderfully musical voice with good carrying powers. Her English accent is exceedingly soft and pure."—Winnipeg Tribune, December 6, 1919.

The Skating Ring Association held its annual meeting on Wednesday night. The financial report showed a small balance on the right side. The new officers elected were as follows: President, W. M. Clemenson; Secretary-Treasurer, David Turner; Executive Committee, J. E. Moffatt, W. Knight, Roy Soby. Plans were outlined to carry on a successful season. The only change in the scale of charges from that of last year is that students of the Agricultural college get the same privileges as High School pupils and can get season tickets for \$3.00. The appointment of the manager was left to the executive committee.

Four Provinces Vote Dry

On Monday the three prairie provinces and Nova Scotia gave majorities against the importation of liquor. The vote in the prairie provinces was light and the majorities small. The proposal carried in each of these provinces by about 10,000. In Nova Scotia the dry majority is reported at 30,000.

AUCTION NOTES

Organized Farmers
Arrange Joint Drive

Week of November 1st fixed as date for Campaign in three Western Provinces

According to reports received at this office, the week beginning November 1st will witness the greatest organization campaign ever conducted by the farmers' associations of the West. The campaign is to be carried on at the same time in each one of the three Western Provinces under the auspices of the U.F.A., the Sask. Grain Growers' Association and the United Farmers of Manitoba. It is expected that there will be upwards of ten thousand canvassers working under approximately six hundred district captains and forty constituency organizers. These canvassers will personally visit the resident farmers in their respective districts and solicit from each one money with which to finance the organization.

Plan of Organization
There is, in each of the three provinces, a central or Provincial Committee. The plans for this joint drive were arranged through a conference of the "Central committees and with the consent of the various constituency boards. The plans are uniform for the three provinces.

Messrs. Herbert Greenfield, Westlock, L. M. Goetz, Red Deer and Snow Sours, Nanton, constitute the Central Committee for Alberta. On the recommendation of this committee each of the twelve constituency boards has appointed an organizer who will have full responsibility for organizing the drive for the district.

The constituency organizer, working with the members of the constituency boards, is distributing all of the territory of the district into units of approximately nine townships each and covering each unit of nine townships is placing a "District Captain." The district captains are endeavoring to enlist the services of at least one man or woman in each one-half town township under their respective jurisdictions who will agree to personally visit every resident in the district on November 1st or November 2nd and solicit from each one \$5.00, this \$5.00 will pay for a membership in the Association. In addition to subscription to the official organ and membership dues in the political organization.

A similar membership drive was made in Saskatchewan last October—and in the March of 1920. In the Saskatchewan drive upward of 2500 canvassers were enlisted and the sum of \$82,000.00 was collected. In Manitoba about 1500 canvassers were in the field and over \$20,000.00 was secured.

The drive to be held in November has been much more thoroughly organized and it is confidently expected that upwards of 10,000 active canvassers will be enlisted for this campaign.

NOTICE

In the Estate of James Herbert Brading, late of the Village of Meadow Creek in the Province of Alberta, Farmer deceased.
Notice is hereby given that all persons having claims upon the estate of the above named James Herbert Brading who died on the 9th day of April, A. D. 1917, are required to file with the Official Guardian, Government Buildings, Edmonton, by the 3rd day of November, a full statement duly verified, of their claims and of any securities held by them, and after that date the Administrator will distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which notice has been so filed, or of which have been brought to his knowledge.

Dated this 17th day of September, 1920.
A. G. Browning,
Administrator and Official Guardian, Government Buildings, Edmonton, Alberta.

A RED CROSS BRIDGE.

Food Plentiful in Canada. Scarce in Europe—Needs of the Children.
The development of the dairy industry of Canada during the past two decades has been surprisingly rapid. Quick to realize the profits to be derived from milk production and the great value of dairying in conserving the fertility of the soil, the Canadian farmer has not hesitated to increase his investments in dairy cattle. The industry expanded during the 8 years of world war, Canada, being distant from the theatre of war, although handicapped by the drafting into military service of half a million of her most vigorous youth, was able to continue the development of many of her important industries, particularly agriculture.

It was not so in Europe. There the very ideal of war, which left poverty in some parts of the world, almost extinguished not only industry but national life itself in other. The drain upon manhood was so great that now in hundreds of thousands of families no adult male remain. Europe more over is filled with orphan children whose prospect of life is marred by the lack of all that is necessary to bodily and mental growth. In some cases the earning power of the family is utterly destroyed.

Turning again to Canada we find there a surplus production of the commodities that are so badly needed in Europe. Condensed milk for instance is a commodity that is a prime necessity for the feeding of the poor communities of Europe but the nations to which they belong have no means of purchasing it for them. The Canadian Red Cross is going to undertake to transport part of their needs by means of a general appeal for contributions to be made during Armistice week on behalf of the British Empire Fund, which is to be used in the humane task of relieving the sufferings of millions whose are stricken by famine and disease. Part of the fund will be used for purchasing in Canada suitable supplies and then the Red Cross will furnish the bridge across which some of our surplus milk will reach the starved children in war-stricken areas. Those who assist will not only have the satisfaction of having contributed to relieve the sufferings of others less fortunate but by helping others will thereby indirectly help themselves.

FROM GENOVA.

Organizer for League of Red Cross Societies Tells of Need of Europe's Orphans.

"While we at home are lazier on industrial expansion and a place in the sun, Europe in its war-wrecked condition is fighting for its very existence," said Donald W. Brown, organizer of the department of organization in the League of Red Cross Societies of the World, which has its headquarters at Geneva, Switzerland. He visited Toronto to learn the peace program of the Canadian Red Cross Society and to establish closer contact between it and the League.

Millions of War Orphans.
Having just arrived from Europe, Mr. Brown was able to give the Canadian Red Cross some first hand information concerning the people of Europe, called attention particularly to the condition of the children, so many of whom are now orphans. While the exact number who have lost one or both parents during the war cannot be determined, the most conservative estimate places the number at over six millions. The number seems quite colossal, with the heavy war casualties among so many soldiers.

Dependent Upon Charity.
The condition of these children is in no way very pitiable. Many of them have no homes and they are dependent upon whoever may be charitable and kind enough to help them. But there are few who are able to give such help for the mass of the people of Russia, Poland, parts of Germany, Czechoslovakia, and other countries are so poor that they have not even necessities for themselves.

Consequently in the great areas between the Baltic, the Black and the Adriatic seas, there are millions of children who face the next few years, and particularly the coming winter, without hope of proper care unless outside assistance is given them.

Disaster Prevailing.
In addition to the unhappy condition of the children the adult population are in the direct of misery on account of disease. Suffering has been accentuated by lack of food and clothing, suffering and medical attention, and tuberculosis, smallpox, typhus and diphtheria are continuing unchecked.

"Epithim which has so often proved a scourge and menace to the human race is again prevalent, and unless checked will soon threaten its ravages to an alarming degree."

British Campaign Appeal.
For this urgent campaign, Mr. Brown said, the League of Red Cross Societies has made an earnest appeal to the people of the British Empire and he was glad to hear that the members of the League of Red Cross Societies of the World were being taken up in Canada. He had learned that an appeal on behalf of the British Empire Fund would be made in Canada by the Canadian Red Cross during Armistice week and stated for it every cause.

Epithim in Canada.
In its earlier days Canada suffered from the ravages of typhus fever known as "spotted fever" but now known generally by the name of typhus. It is a disease that spreads rapidly and is very destructive of human life. The last time it was brought to Canada by immigrants and caused a great deal of trouble was in the year 1846-47. It was brought to Canada by immigrants and caused a great deal of trouble was in the year 1846-47. It was brought to Canada by immigrants and caused a great deal of trouble was in the year 1846-47.

It is only by taking urgent measures to stamp it out in the future where it is now raging that it can be prevented from re-appearing.

FORGING

FOR NEAR A SCORE OF YEARS THE U.F.A. HAS BEEN FORGING AHEAD.

SOME MISTAKES HAVE BEEN MADE BUT THESE HAVE BEEN ERRORS IN METHOD—ONLY ALWAYS THE OBJECTIVE, CLEAR CUT, WELL-DEFINED HAS BEEN IN VIEW.

ORGANIZED ALWAYS BY A REED ONLY TOO EVIDENT, AND BUILDING STRENGTH—STRENGTH OR ORGANIZED STRENGTH—STEADY, WELL ORDERED PROGRESS HAS BEEN MADE.

LOOKING ALWAYS TO THE FUTURE—TO THE BUILDING OF A TRUE DEMOCRACY WHEREIN THE REAL WORKER WILL RECEIVE ADEQUATE COMPENSATION FOR HIS TOIL—CONSISTENTLY, WITHOUT FALTERING, THE CHAIN HAS BEEN FORGED LINK BY LINK.

THE ORGANIZATION HAS NOW REACHED A POINT WHERE ITS VERY STRENGTH ATTRACTS THE LOYALTY OF MANY MEN, BUT ITS TASK CANNOT BE COMPLETED UNTIL IT HAS THE ACTIVE SUPPORT OF THE RURAL POPULATION 100% STRONG.

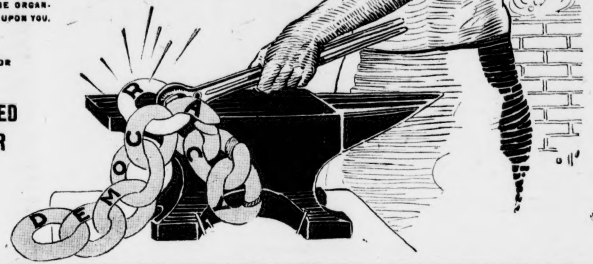

IT MUST HAVE YOUR SUPPORT!

ON NOV. 1 OR NOV. 2 A R.E. REPRESENTATIVE OF THE ORGANIZATION WILL CALL UPON YOU.

WELCOME HIM.

HE WILL ASK FOR A CONTRIBUTION.

BE PREPARED
TO DO YOUR
PART

U.F.A. READY
FOR BIG DRIVE

ireenfield Confident that Alberta Organization will make Record Showing.

Herbert Greenfield, Westlock, Vice President of U.F.A., and chairman of the U.F.A. organization committee, advises that everything is in readiness for the big drive during the first week in November.

Most of the preliminary work has been done and it is expected that on November 1st and November 2nd upwards of 3000 enthusiastic canvassers will be in the field visiting their neighbors and soliciting for memberships in the association. The organization work is in all Manitoba and Saskatchewan has been progressing favorably and reports from "district captains" indicate that the morning of November 1st will see upwards of ten thousand canvassers in all the rural districts in the three provinces.

In this drive an endeavor will be made to have a representative of the farmers' association, visit every resident farmer between the City of Winnipeg and the Rocky Mountains, the head of every household will be asked to contribute the sum of \$5.00—no more no less. This amount will pay for a year's membership in the association. A year's subscription to the official organ and leave \$2.00 to be used by the central and district boards for organization purposes.

Associated with Mr. Greenfield on the Alberta Organization Committee are L. M. Goetz of Red Deer and Snow Sours of Nanton. All are members of the Board of Directors of the U.F.A. The committee has fixed an objective of 50,000 U.F.A. memberships by the year 1920 and all are confident that this figure will be reached.

D. A. ANDERSON

Claresholm Local News

A large number of students for the School of Agriculture are coming in this week.

Dr. C. H. Heustis, a Lord's Day Alliance representative, will preach in the Methodist church next Sunday night.

Miss Merle Marr returned from Calgary hospital on Thursday of this week after being operated on for appendicitis.

Claresholm's war trophy, a German machine gun, has arrived. The weapon was captured in August 1918 by the 10th Canadian Battalion.

At the sheep sale at Victoria Park, Calgary, on Wednesday, Fremat Anderson purchased a shearing Shropshire ram from the Prince of Wales' flock, the reported price being \$165.

L. T. Torgerson left on Thursday for his farm at Vainwright. Having sold his town residence to Claude Amundsen, he expects to move to Edmonton for the winter if he can secure a house there.

Dorothy Phillips, the brilliant star of "Heart of Humanity," "Souls for Sale," "Right to Happiness," "Talk of the Town" and many others, will this time be seen at the Rex theater, Friday and Saturday, November 5 and 6, in the big special, "Destiny." Don't miss this one.

Card of Thanks

Mr. and Mrs. Frank E. Stouck wish to express their heartfelt thanks to all who extended kindness and sympathy in their recent bereavement.

BUSINESS LOCALS

For Sale—Good town residence on 5 acre lot, with barn and out-buildings.—J. W. Hallett.

For Sale—Gas range and gas heater, also a piano for sale.—H. L. Wannamaker, Claresholm.

For Sale—House and barn on five lots. East of tracks. Apply to C. J. Amundsen, Claresholm.

For Sale—A few good young teams for sale at reasonable prices.—Chas. Lawrence, Vancouver's Livery.

Some fine sections of cheap land in northern Alberta for sale. This land will double in value within the next two years.—Fraser & Peck.

For Sale—House and lot on Third avenue, recently occupied by Rev. Fatland. Also some furniture. Apply to O. J. Berg for particulars.

Insure your grain in your bins if you intend holding it for some months. You can protect it for a small amount and save possible loss. See Fraser & Peck.

For Sale—One 9 room house, 10 acres ground, drilled well, some out buildings, land seeded to broom grass. Property in first class condition and located about two blocks from public school. Claresholm. Apply to J. Elvrum, Claresholm.

A NEW WAY TO SAVE TIRES

Let us vulcanize your old tired tires which can possibly be saved in this way. If on examination we see that your casing is not worth the repair, we will exchange for a new one, the Hercules which has stood the test with any other on the market. Come in and look them over.

H. D. WHYTE, Claresholm.

Wanted—Representative in this district for leading piano firm. Person with musical connection preferred. Good proposition. Inquire Box 54, Review-Advertiser, Claresholm.

There Was a Little Maid

There was a little maid, and she wore a little bonnet;

And she had a little finger, with a little ring upon it;

And—what's a little odd—her little heart was then

In love—but not a little—with the worst of little men.

For this little youth had exercised his little flattering tongue

On her little face he gazed, and he looked as though his little head had been a little crazed.

But alas! this little lover did with little warning leave her.

And she found him little better than a little gay deceiver;

And in a little moment, stuffing all her little money,

She took a little jump among the little fishes.

Moral:

Now all you little maidens, Whose little loves grow fonder,

Upon the little moral, Of this little song, do ponder;

Beware of little trinkets, Little love and little sighs,

For you little know what great From little things may rise.

AUCTION SALE OF SCHOOL LANDS

Public Notice is hereby given that Auction Sales of School Lands will be held in the Province of Alberta at the places and on the dates hereunder mentioned:

Vicking, Monday, November 13, 1920, at 10 o'clock a.m.

Leduc, Wednesday, November 17, 1920, at 10 o'clock a.m.

Farmers' Flour Mill to Be Completed by Next Fall

Plant of Alberta Flour Mills Limited, as it Will Appear When Completed.

The Building of a Great Industry That Means Much to the Grain Raiser in Establishing a Local Market for Wheat and to the Stock Man in Supplying a Long Felt Want for Feed for His Livestock.

Our representative together with forty prominent farmers of this district paid a visit to Calgary last Saturday and inspected the mill of the Alberta Flour Mills Limited. Everyone was surprised to discover the progress in construction made by this company during the summer. Probably few people except those who have visited the plant during the past sixty days realize how great a plant this is and how it is being built. This mill when completed will be the second largest flour mill in the world, it having a capacity of 7500 barrels per day and 70,000

tons of feed per year.

The company's engineer, Mr. Alex. Ingraham, conducted us over the plant and showed how the gravel and sand are secured from the bed of the Bow River and delivered to the storage bins over the two great electrically driven concrete mixers and how the concrete was mixed and poured. The complete construction equipment and many labor-saving devices installed insure a cheap cost of construction as is consistent with the class of work being done.

After the inspection trip through the mill the party met several of the directors and officers at luncheon where the mill organization and other important matters were discussed in detail.

It is the desire of the company to have the stock owned in Western Canada and they are now preparing for their campaign in

Alberta and Saskatchewan to offer for the balance of the stock.

All wheat is milled somewhere and the annual statements of the large operating mill companies have shown most conclusively that there is a very large profit to the investor from the manufacture and sale of wheat products. We certainly agree with the policy of the company that the stock should be held in the West and the big profits distributed among the farmers who produce the wheat. We learned that nearly 90 per cent of the stock sold to date is held by grain and stock men of the western provinces, and the stock well distributed, thus insuring against control of the enterprise going into the hands of a few men; that the stock is all common and that no director is interested in the promotion of the company other than as a subscriber for shares on

the basis of paying the full par value for same, or in any property proposed to be acquired by the company, and no sums have been paid or agreed to be paid to any director or to any firm of which any director is a partner in cash or shares or otherwise by any person either to induce him to become or to qualify him as the director or otherwise for services rendered by him or his firm in connection with the promotion or formation of the company. The directors are men who have been residents of the province for upwards of thirty years and their established reputations in the development and business life of Western Canada have placed them in position to know the needs of the West and also the class and magnitude of the industries that it can successfully support. In fact many of the farmers of this district know George

Lane, A. E. Cross and Dan Reily of High River, they being prominent farmers and ranchmen.

The farmers will undoubtedly be pleased to learn that the mill will be completed next fall. Practically two-thirds of the concrete has been poured and large contracts are being placed for materials of all kinds in the States at greatly reduced prices, for delivery next spring, and with a force of 400 men the mill will speedily be completed. Work the last two years has been seriously delayed due to the inability to secure the proper material and labor.

We believe it is to the interests of all in this section to support this wonderful enterprise and recommend that should a representative of the company call that they give him sufficient time to explain the proposition thoroughly.

TAX SALE

No Increase in Price

Notwithstanding the enormous increase in the cost of production, over three times previous to war prices, that great weekly, the Family Herald and Weekly Star of Montreal, have decided to accept renewals and new subscriptions at the old rate (\$1.50 a year) from all who remit before December 1st, 1920. This should be good news to readers of that big weekly. The Family Herald has been vastly improved and is beyond doubt the greatest value in newspapers.

NEW C.P.O.S. LINER

THE EMPRESS OF CANADA, AFTER BEING LAUNCHED.

The Empress of Canada, a twin screw geared turbine oil burning passenger liner, built to the order of the Canadian Pacific Ocean Services, Limited, especially for their trans-Pacific service, was recently launched at the yards of the Fairfield Shipbuilding & Engineering Co., Limited, Govan, Scotland.

The christening ceremony, which was performed by Mrs. G. M. Rosworth, the wife of the chairman of the Canadian Pacific Ocean Services, Limited, went through without a hitch.

The ship is 653 ft. long, 77 ft. 9 in. wide and has a depth to the bridge deck of 53 ft. 6 in. Her gross tonnage is about 22,000 tons, and she is arranged to carry about 900 first class, 106 second class, 278 third class passengers, and 547 of a crew. Of the cargo spaces, a large portion has been fitted for the carriage of oil. The ocean speed is about 21 knots. The vessel is built to the highest class of Lloyd's register, to full Board of Trade requirements and sub-divided in full accordance with the requirements of the Bulkhead convention. A complete system of telephones with a central exchange is fitted to the special and private suites and various offices, etc.

The dining saloon is on the upper deck and will accommodate 325 persons, a large reception room is situated forward of the dining saloon with passenger elevator at the fore end, on this deck also is a swimming pool 30 ft. long by 18 ft. wide, and a gymnasium.

Throughout the vessel special attention is everywhere given to the fact that the Empress of Canada is to serve in a semi-tropical climate; public rooms are therefore large and airy and the ventilation amply arranged. The maiden voyage of the Empress of Canada will be a tour of the world, starting from Liverpool, March 15, 1921.

HEALTH

Through the Nervous System

The organs of the body function according to the amount of nerve energy supplied them. Stomach, kidney and liver disorders are the effect of overworked nerves, being weakened at their source of supply, the spinal column. Chiropractic offers help to you, by releasing those nerves, allowing them to function normally, by bringing the normal amount of life force to the weakened kidney, stomach or liver.

Yours for Better Health,

W. H. MacPherson, D.C.
